Strategies

1. Identify any barriers in implementing the plan (i.e. data collection, data tracking, funding, infrastructure, etc.)  
Due to COVID 19, we have been unable to get together to meet and get the students involved with other students due to restrictions. Sidney City Schools is doing hybrid learning so not all of the students are in the school to be able to be mentored.
  
2. Identify any successes/how implementing this plan has worked to strengthen the council and county collaboration.  
We continue to talk about the need of this and wanting to put it in place after COVID restrictions are lifted.

**Report on Indicator Data** (Provide data for each outcome indicator listed on the Shared Plan. List only ONE outcome per page. This page can be duplicated as needed).

Shared Outcome: An increased number of at risk middle school age youth will meet with high school mentors.
